4°) MOBILITY PROJECTS

- Each academic year, around 20 students of the School do a training period abroad thanks to the ERASMUS program. This project started in 2004.
- Countries: England, Spain and Ireland.
- In 2009, the School received a 'Quality Chart' and in 2015 it received an 'Erasmus + Chart'. Both are issued by the European Union and recognize the quality of the program.
- A dozen of teachers and administrative staff are involved in the European projects of the School.
- Several projects will be lead in the next months in order to increase the international mobility: European Volunteer Service, new partner structures for the training periods, more work placements and new mobilities to Belgium, school partnerships for schools exchanges...

☞ Our School is looking for:

- **New partners structures and accommodation for our students (from all our vocational diplomas)**
- **School partnerships for school exchanges**

☞ Our School offers:

- **To find training period structures and accommodation in our region**
- **To host and welcome foreign students during school exchanges**
