

Albacete Plus: Proyecto de Movilidad de FP – KA102

Key Action: **Learning Mobility of Individuals**

Action Type: **102 VET learner and staff mobility**

Looking for hosting partners KA 102 VET learner and staff mobility

We are looking for reliable hosting organization partners, companies and training centres, to develop professional traineeship for learner and job shadowing for the training centres staff

As a City Council of Albacete in Spain, we are planning to apply in the next call for proposals to find mobility opportunities in a KA1(102) project directed to unemployed people between 18 and 55 years old, recent graduates in Professional Certificates (level 1, 2 and 3), this is VET in the field of Training for Employment. We provide a wide range of training and employment services. In the short term we are planning to provide Training for Employment associated to the achievement of Professional Certificates, collaborating with the Public Service of Employment in:

- Teaching methodologies of vocational training for employment: Level 3
- Installation of technical flooring, paneling and screen systems (panel partitions). Level 2.
- Carpentry and furniture works. Level 1.
- Decorative painting in building construction. Level 2.

On the other hand, as a local government we are working to coordinate a small consortium constituted by some employment training centres with a special relationship with our City Council and with the local labour market that provide **professional certificates** in our city:

- **ADECA**: Campollano Business Association, this is the main bussines Park in Albacete, authorized by the public employment service to provide training in Professional Certificates in the fields of:

- Cleaning in open spaces and industrial facilities. Level 1.
- Cleaning of surfaces and furniture in buildings. Level 1.
- Repairing and adaptations of clothing in textile and leather. Level 1.
- Business financing. Level 3.

- **Escuela de Cuchillería Amós Núñez:** this is a foundation authorized to provide training in Professional Certificates and Basic VET in areas in connection with Knife Manufacturing, a traditional activity in our city:

- Mechanical manufacturing. Professional Certificate. Level 2.
- Mechanical manufacture and assembly (welding and metalwork). Basic VET

We would like to offer to the people we serve the opportunity to develop internships from 4 weeks to 3 months in order to improve their professional, linguistic and personal competencies as a way to improve their employability.

We are especially interested in companies and training centres with English as a working language, but we are open to other options.

If you are interested to join this project, please contact us for more details:
