

## Call for Partners: international seminar in April 2021

---

### What:

*Seminar Youth Work: New Challenges*

### Who we are:

*Coordinadora Infantil y Juvenil de Tiempo libre de Vallecas* is an association of organisations and centres working with children and young people at social risk. We have participated in several European projects and programmes such as Youth in Action, Lifelong Learning Programme (Grundtvig, Leonardo), Daphne, Erasmus+, European Solidarity Corps, etc. In the future, we would like to continue to develop transnational cooperation within the framework of Erasmus+, as well as to exchange with organisations in other EU countries and to create deeper relationships of cooperation with our current network of stable partners.

Our site is: <http://www.coordinadora.org.es/>

### Project:

The current 2020 has been a demanding year full of challenges and barriers due to the pandemic caused by COVID-19. That is why organisations, as well as public and private entities, have been driven to adapt to the new situation in the best possible way. As a consequence, we would like to invite you to this seminar with the following purpose:

### Objectives:

- To evaluate the measures taken during the COVID-19 sanitary crisis (specially during the lockdown) by organisations working with young people.
- To analyse the difficulties and barriers that have been found to carry on with our job and mission with youngsters during this critical situation.
- To share ideas and successful activities and initiatives.
- To gather recommendations to improve our work with youngsters during this new situation and/or to face possible future crises (specially with youngsters with fewer opportunities).

### Participants:

We expect to host around 12 participants.

We are looking for two professional Youth-Workers from each of your organisations.

**Activity Programme:**

Monday 26th April	Tuesday 27th April	Wednesday 28th April	Thursday 29th April
